

1500 Watt Pure sine wave Power Inverter

Features:

- 1) Compact and light weight
- 2) Pure sine wave output
- 3) High efficiency
- 4) Voltage overload protection
- 5) High output current surge
- 6) Low voltage alarm / shut down
- 7) Input and output fully isolation
- 8) Low power consumption

Specification :

- 1) Model : NC-1500-S
- 2) Output waveform: Pure sine wave
- 3) Continuous power : 1500W
- 4) Surge power : 3000W
- 5) Input volt : 12/24/48/110V DC
- 6) Output volt: 110/120/130/220/230/240V AC
- 7) Frequency : 50Hz
- 8) Efficiency: > 85%
- 9) No load current draw: <0.6A
- 10) Automatic protection: Overload, Short circuit, Over thermal ,Fuse ,Under/Over Volt
- 11) Operating temperature: -10°C ~ + 50°C
- 12) Storage temperature: -30°C ~ + 70°C
- 13) THD: < 4%
- 14) Cooling: Fan
- 15) Cigarette plug cord length: 60cm(optional)
- 16) Battery chip cord length: 60cm(optional)
- 17) Dimension(L*W*H)cm: 36*15*7
- 18) Package: CTN
- 19) CE and RoHS Approval
- 20) Guarantee period: one year
